

## WHO ARE WE?

The Committee is made up of young union members (ages 35 and under) that actively devote their time to make a difference in lives of young workers. They are active not only in our union, but in their workplaces and communities as well.

## WE ARE A POWERFUL RESOURCE FOR YOUNG WORKERS

Young workers represent a substantial percentage of the Teamsters Canada union membership.

**Youth Representation Matters.**

## IT ALL STARTS WITH YOU.

Be a Strong Voice for the Youth in Our Union.

## WHAT DO WE DO?

Youth involvement in Teamsters Canada is important in order to continue building up our country now and into the future. That's why the Teamsters Canada Youth Committee provides a voice for our young union members through initiatives and activities such as:

- Awareness-raising campaigns on issues that affect young workers
- Interactive workshops that educate our membership
- Online courses on subjects that concern Canadian youth
- Alliances with other youth organizations to empower joint initiatives
- Support for Teamsters members' events
- Active participation in discussions and activities
- Volunteering in young members' communities

## OUR MISSION

We aim to empower, unite and inspire young members across Canada. Bringing youth together makes our union stronger at the bargaining table, when organizing campaigns and in the political arena.
